

# Easter Holiday Play Scheme

Our aim for the holiday play scheme is for all children to have fun, excitement and joy through a variety of stimulating activities. Throughout the scheme, children will be able to make their own choices in participating in different activities. We will offer indoor and outdoor activities as well as special focused activities twice a day.

We support the idea of free flow play for the children attending so although we encourage involvement in activities, many make their own choices about what they will do throughout the session. This involves messy and creative activities, sport activities as well as team building activities.

## WEEKLY ACTIVITIES
